I relied on the school classes and a strict study routine, in addition to my time at the coaching centre. My school teachers were always there to help me out whenever I got stuck. My parents always encouraged me and never let me give up hope, so that I could achieve all my goals. Never lose sight of your goal and never give up; that was my only motto.

TANMAY KAUSHIK

My main strategy was to pay attention in the classes and get my doubts cleared by my teachers, if I had any, just after the class. Preparation was not constrained by any kind of timeline or rigorous plan, and I was free to study whenever I found it most convenient. I broke down the course material into manageable chunks and took practise exams frequently to make sure I retained the material. There were times when I doubted my abilities, but I got through them by consulting the people who have always had my back: my family & teachers.

VANSH RAWAL

Consistency in my studying and lots of question practise paid off for me. A lot of my direction came from my teachers in school. Coaching is optional, although it can be very helpful in establishing a routine for studying and sticking to it. In addition to them, I have my loving family to thank for their unwavering support.

SAARTHI BHATIA
JEE MAINS-94.63 PERCENTILE

School teachers played a crucial part in not only helping me study for the JEE exam but also in keeping me encouraged throughout the process, which is why I was able to achieve such great results. My parents made significant sacrifices to ensure my academic success, including getting up early in the morning to to cater my needs. The credit for my accomplishments goes to them and especially Tiwari sir. Focusing on school and disciplined self study helped me climb this one step of achievement ladder

-TARAK KHUARANA JEE MAINS-94 PERCENTILE

Practise is the single most crucial factor. We need to commit to frequent practise. Getting a high score in the JEE Mains is out of the question unless we put in the time and effort to prepare for it. In addition to the time spent in coaching sessions, I also benefited much from the instruction and guidance of my teachers at school. My parents were there for me in the best and the worst of times.

he session 23-24 commenced with great zeal and enthusiasm. On the very first day of the school the students were warmly welcomed by the teachers. They felt special and excited when they were affectionately received by their teachers and were given gifts.

A special assembly was held on account of 'Hanuman Janmotsav at M.A.S.D. Public School on 6 April 2023. The teachers and students chanted Hanuman Chalisa during the assembly. On this auspicious occasion the principal, Dr. Babita Bharadwaj addressed the school, making the students aware about the significance of this occasion and highlighted some of the good qualities of Hanumanji that students can develop within themselves to become successful in life.

#### **BEGNNING OF NEW SESSION 2023-24**

Havan is believed to be a ritual that directly reaches God and the offerings made are received by Him, and thus these offerings bring us closer to God and spirituality. The chants and prayers heal our hearts and mind and create a connection with the spiritual power of divinity. The beginning of the session 2023-24 in M.A.S.D Public School commenced with the havan held at the school premises in which the staff members and the students performed prayers seeking blessings from God.
